

Infrastructure consultant

What you will be doing to make an impact

As an Infrastructure Consultant you will be **analysing the existing environment, processes** and infrastructure of computer systems. You will need to work out new and efficient solutions. You will focus on the basic principles of backup & storage, network & system engineering, **security and/or IT service management**, but as a junior consultant you will also be encouraged to deepen your knowledge in these domains.

Skills you can WOW us with

You are a real **team player** with a passion for technology who is at the same time extremely customer focused. Your best soft skill needs to be **communicating clearly** and listening attentively. You tackle deadlines like a rugby player, aim for gold in the quality of your work and although you are a human, and not a robot, you can guarantee that you **rarely make mistakes**.

We are looking for someone who worked hard for the following hard skills:

- Graduated or less than 3 years of work experience
- Bachelor or Master's degree in IT, ICT, Computer sciences and/or other related studies
- Knowledge of IT infrastructure like: TCP/IP, firewall rules, routers/switches, protocols (DNS, DHCP, proxy, etc.), ITIL, OS Linux and Windows, etc.
- Know-how of Virtualization, SAN, NAS, Backup & Storage, Security is a plus
- You are a native Dutch or French speaker and have a good knowledge of English, yes please!

How you will become an Exellyst

We are not a recruitment agency. We are not a consultancy agency either.

We are tech talent integrators that will help you unlock your full potential. Once hired, you are part of our unique program that will most definitely match your professional needs.

- You are part of the Exellys team (we pay you, while your career takes off) but you are working on challenging projects for our clients.
- You get a personal career coach, access to technical trainings and are encouraged to obtain certificates so you can innovate yourself and boost your professional portfolio.
- After two years, you'll get the opportunity to work for the client as a permanent employee (they pay you, while your career is accelerated).
