

Quality engineer

What you will be doing to make an impact

As a Quality Engineer you will be **auditing** the quality of internal processes and suppliers. You are working closely together with the validation, R&D, supply chain and manufacturing teams and you will need to communicate with customer support and management too. You will be monitoring and **creating control mechanisms** to guarantee the highest possible quality standards and to comply with the ISO standards. You will need to **predict and prevent problems** and you are in charge of the delivery of a perfectly compliant service or product.

Skills you can WOW us with

Your best soft skill needs to be **communicating clearly** and listening attentively. You want to increase your **knowledge** all the time by staying up-to-date with the latest technologies within your field of knowledge. You are able to use your **analytical** and creative skills in a **structured working environment** to solve problems. You always live by the rules and you get a kick from getting all the little details right. You are up for a challenging job with a lot of variation.

We are looking for someone who worked hard for the following skills:

- *Graduated or less than 3 years of work experience*
- *Master's degree in electrical, mechatronical or electromechanical engineering*
- *You are bilingual (Dutch/English), knowledge of French is a plus*

How you will become an Exellyst

We are not a recruitment agency. We are not a consultancy agency either.

We are tech talent integrators that will help you unlock your full potential. Once hired, you are part of our unique program that will most definitely match your professional needs.

- You are part of the Exellys team (we pay you, while your career takes off) but you are working on challenging projects for our clients.
- You get a personal career coach, access to technical trainings and are encouraged to obtain certificates so you can innovate yourself and boost your professional portfolio.
- After two years, you'll get the opportunity to work for the client as a permanent employee (they pay you, while your career is accelerated).

Sparked your interest? Want to know more about the job? About Exellys? About our remuneration package? You know what to do... hit that APPLY button and become an Exellyst!
