

# VACANCY

**Titel: QC LAB ANALYST**

Location: Ghent South

## **This is Eastman Chemical**

Eastman is a global specialty chemical company that produces a broad range of products found in items people use every day. With a portfolio of specialty businesses, Eastman works with customers to deliver innovative products and solutions while maintaining a commitment to safety and sustainability. Our market-driven approaches take advantage of world-class technology platforms and leading positions in attractive end-markets such as transportation, building and construction, and consumables. Eastman focuses on creating consistent, superior value for all stakeholders. As a globally diverse company, Eastman serves customers in approximately 100 countries and had 2016 revenues of approximately \$9 billion. The company is headquartered in Kingsport, Tennessee, USA and employs approximately 15,000 people around the world.

Within our QC LAB department, we currently have a vacancy in Ghent South (Belgium) for a **QC LAB ANALYST** to guarantee and control high quality

## **This is the Role**

As a member of a team of 15 colleagues you are responsible for the quality control of our raw materials and finished products.

Your main responsibilities:

- Perform a wide variety of tests and report the results with a focus on quality.
- Develop an expertise in measurement techniques and statistical data analysis.
- Cooperate closely with other departments on topics related to process and continuous improvement.

## **This is what you bring**

- Bachelor degree in Chemistry or material science. Relevant job experience is a plus, but not required.
- Good communication skills
- Eager to learn
- A keen interest in data analysis.
- Interest in production supporting projects, product development and customer support.
- Bilingual (N/E), which is a must when cooperating with our American colleagues.

## **This is who you are**

- A team player who can work independently in a large group of analysts, works accurate and has eye for details.
- An autonomous, result driven and entrepreneurial person with distinct interest for safety and quality

## **This is what we offer**

Our spirit of innovation and collaboration along with our diversified business line creating challenges and opportunities for growth is what makes Eastman a great place to build a career. Here, you can find opportunities to grow professionally, competitive salaries, outstanding benefits, and a global work environment.

Eastman is committed to creating a powerfully diverse workforce and a broadly inclusive workplace, where everyone can contribute to their fullest potential each day.

## **Interested?**
